requesting the addition of certain names of officers empowered to authorise entry into the factory.

At the request of the ~~Director~~ factory, a notification under the Defence of India Rules, as applied to Mysore, was issued declaring the Aircraft factory to be a protected place.

The factory now state that there is a mistake in one of the names of officers empowered to regulate admission. The mistake is in the use of the word "junior" for "Jr". They also want some other officers to be empowered to regulate admission.

A draft notification making the amendments is put up for Consideration. The request of the factory is for orders.
